

GENERAL RULES

- DO NOT alter the proportion of the logos horizontally or vertically
- DO NOT change or alter typography, or substitute a different font

STACKED

HORIZONTAL

1 COLOR APPLICATION

The WTC Utah marks should only be used in 1-color: Red Rock, PMS 1815C; Fireweed, PMS Rubine Red C; black; or white.

--	--	---	---

CLEAR SPACE

To determine clear space, the width of the right third of the globe mark has been defined as “x.” Clear space should be at least 1x for stacked and horizontal marks.

MINIMUM SIZE

Use these measurements as a guide in sizing. In some situations, the reproduction method, such as embroidery, will determine that you cannot reproduce the logos this small.
